UFE1500

USB 10/100M FAST ETHERNET

UFE1500 is a thumb-sized 10/100Mbps Fast Ethernet Adapter. Using an attached USB type A connector, UFE1500 connects to the USB host computer directly without USB cabling. Plus, obtaining power from your host USB BUS, this low-power-consuming device needs no external power.

UFE1500 complies with USB Specification 1.0 and 1.1. It supports complete and instantaneous plug and play interoperability on the latest Windows® operating systems with easy-to-install software drivers.

Hook up the USB port of this device to connect to the USB host computer, and plug a standard twisted pair network in the RJ-45 port, you are connected in no time. Networking is never easier.

Features

- 10/100Mbps data rate auto-negotiation.
- Full Duplex mode doubling network connection speed.
- No external power required; High-power bus-powered.
- No external USB cable required.
- Supports Windows 98/2000/ME/XP.
- True Plug & Play.
- Easy to install.

Specifications

Network standard

- IEEE 802.3 for 10BaseT
- IEEE 802.3u for 100BaseTX

Data Rate

- 10/100 Mbps
- Double data transfer rate in full duplex mode

Supported operating systems

- Windows 98/2000/ME/XP

Physical

- Ports: 1 RJ-45, 1 USB A-Plug
- LED indicators: 10/ACT, 100/ACT
- Dimensions: 56.11 x 24.99 x 15.99 (mm) (LxWxH)

Power Specifications

- Operating Voltage: 5V DC
- Operation: 111mA (max)
- Sleep Mode: 3.9 mA (max)
